Steve Evans Principal

D: +44 (0)204 549 5130
M: +44 (0)7469 857 089
sevans@fdu-group.com

Steve started his recruitment career in 1995 and joined fdu in June 2015, where he currently leads fdu's Build Out Practice whilst also transacting on behalf of certain Clients in the Interim & Advisory Team. Steve's focus is primarily on the Accountancy & Finance sector covering UK and Europe, with the majority of that work successfully delivered in growth orientated SME's, PE and VC backed companies. More recently, Steve has been transacting regularly in the Mid-Cap (including listed) environment.

Steve's dedication and deep rooted interest in the Technology and Multi-Site sectors is evident in the high level of commitment and professionalism he shows both Clients and Candidates, always working at an exemplary level of customer service and communication. He works pragmatically and intelligently with a high cadence to deliver the correct solution to meet each Client's recruitment need.

By his very nature Steve is a competitive high performer, as seen in his recent sporting achievements in the Spine Race 2018/2019 and Legends Trail 2019, as well as his fdu career to date.

A selection of positions that Steve has recently successfully recruited for on a Permanent and Interim basis includes: CFO (Lyvly, Technology – VC); CFO & FC (W2O, Digital Marketing Services – PE); FD (YM&U Group, Media – PE); Director of FP&A & Group FC (Bitfury Capital, Blockchain Technology); Part-Time CFO (Travlet, Technology - Series A fund raise); Head of Treasury (M&C Saatchi Plc, Advertising); Systems Implementation (Onfido, AI Technology – VC); FC (Alfa Financial Software Plc, Technology); FC (GymBox, Multi-site – PE); Senior Financial Analyst (Virtus Data Centres, Real Estate/Technology – PE).

“Steve has provided excellent results for me and for our organisation. Steve has proved to be diligent and accurate, and is always aware of how to match people to a position as well as appreciating the culture requirement of our firm.”

Clarence E. Dixon, currently Global Head of Loan Servicing, CBRE

We help companies solve their financial challenges and realise their growth aspirations. Combining a true understanding of our Clients' needs with a rich contact network, providing access to the right Finance professionals and best expertise.
