## Finance Recruitment Practice

Timely, accurate, and consistent financial management speaks to the heart of a well run finance function. The best candidates know this and can do the job of two or more people in half the time. The challenge is finding them and matching them to the right roles.

fd Build Out focuses on recruiting mid-level finance professionals into public and private companies of all sizes, including foreign based parents with operations in the UK.

The job titles for which we recruit are many and varied – Group Accountant, Financial Controller, Commercial Analyst Manager,

Finance Business Partner, Finance Manager, FP&A Manager, Senior Management Accountant, Senior Financial Accountant and Project Accountant ... but the approach we take is always the same! We approach every situation with rigour, quickly identifying, assessing and placing the best candidate for the role. We will even challenge you if we need to and we ensure our clients and candidates have a great experience.

To find out more about our Build Out Practice, contact fdu on +44 (0)204 549 5130 or [info@fdu-group.com](mailto:info@fdu-group.com).

**“This hire was very important to the ongoing business ... fdu managed the project seamlessly, presenting only well qualified, suitable and prepared candidates before organising multiple interviews. I was very impressed throughout the process. I highly recommend fdu and look forward to working with the team in the future.”**

Mark O'Brien, CFO eCommerce, WorldPay  
(formerly CFO, Envoy Services)

We help companies solve their financial challenges and realise their growth aspirations. Combining a true understanding of our clients' needs with a rich contact network, providing access to the right Finance professionals and best expertise.
